Jaime Andrés Henao A.

PROFILE

Cloud Engineer and DevOps with outstanding experience in AWS, Terraform, Linux and Kubernetes. Specializing in process automation and implementation of continuous delivery practices, my background is focused on building and managing robust cloud infrastructures. With a proactive approach, I enjoy tackling challenges and developing creative solutions. My commitment to continuous growth drives me to stay current on the latest industry trends. Committed to technical excellence and continuous improvement.

PROFESSIONAL EXPERIENCE

I have 4 years of experience in Cloud AWS environment administration, infrastructure administration with Terraform, Kubernetes cluster administration, Linux administration and customer support.

I also have 14 years of work experience in production and manufacturing environments as an electro-mechanic.
